

## THE B. JACK WHITE MEMORIAL AWARD

Jack White was on the faculty of the Psychology Department from 1957 to 1987. Jack was so much of the Department's soul that when he died in November of 1988, the Department launched a campaign to raise funds for a memorial award in his name.

The award is given annually to an advanced psychology graduate student who has shown overall excellence in performance, taking into account coursework, research productivity, teaching, and departmental service. For this year, one award will be made.

The award is accompanied by a monetary prize of \$2500, which can be used as the student wishes to further their graduate career (e.g., for summer support, as a supplement to stipends, etc.). Eligible students must have successfully defended their Master's thesis (or entered the program with an approved thesis), and plan to be enrolled at the University of Utah for the 2024-25 academic year (Clinical students are eligible if they are on internship).

To apply, please submit one copy of following to your Area coordinator by **April 1st**:

Your vita

A short (2 page maximum) statement highlighting teaching or research goals and/or accomplishments since entering the graduate program
