

Stacey Brothers, MS

| 8593079080 | Stacey.Brothers@psych.utah.edu

Education

2018 – present University of Utah, Department of Psychology (Neuropsychology)
2013 – 2017 University of Kentucky, BA Psychology, Summa Cum Laude

Thesis:

Brothers, S. L. (defended November 2020). Daily Assessment of Executive Functioning and Expressive Suppression Predict Daily Functioning among Community-Dwelling Older Adults.

Honors and Awards

2018 – Pat and Gene Ninomiya Fellowship (scholarship awarded to select 1st year students)
2017 – Phi Beta Kappa, University of Kentucky
2016 – 1st place in National Institutes of Health poster presentation, Miami Project to Cure Paralysis
2016 – Mary Agnes Gordon Scholarship, University of Kentucky
2014 – Psi Chi, University of Kentucky
2014 – Chellgren Fellow
2013-2017 – Dean’s List, University of Kentucky
2013-2017 – Psychology Scholars Program

Publications

Presentations (14 Total, 1st author presentations listed)

Brothers, S. L., & Suchy, Y. (February 2021). *Daily assessment of executive functioning and expressive suppression predict daily functioning among community-dwelling older adults*. Presentation accepted for the 49th annual meeting of the International Neuropsychological Society, San Diego, California, with abstract to be published in an upcoming issue of the Journal of the International Neuropsychological Society: JINS.

Brothers, S. L., Suchy, Y., & Niermeyer, M. A. (February 2020). *Reappraising the role of cognitive reappraisal: How it relates to expressive suppression and executive functioning*. Presentation accepted for the 48th annual meeting of the International Neuropsychological Society, Denver, Colorado, with abstract to be published in an upcoming issue of the Journal of the International Neuropsychological Society: JINS.

Brothers, S. L., Harp, J. P., Wallace, E. R., O'Connor, K., Head, E., Schmitt, F. A., & Koehl, L. M. (February 2019). *Detecting dementia in Down syndrome with the Severe Impairment Battery (SIB)*. Presentation accepted for the 47th annual meeting of the International Neuropsychological Society, New York, New York, with abstract to be published in an upcoming issue of the Journal of the International Neuropsychological Society: JINS.

Brothers, S. L., Walls, B., Wallace, E. R., & Berry, D. T. R. (Spring 2015). *Utility of the CAARS validity scales in identifying feigned ADHD, random responding, and genuine ADHD in a college sample*. Presentation accepted for the National Conference on Undergraduate Research, Lexington, Kentucky.

Membership in Professional Organizations

American Psychological Association Member (2019 to present)

International Neuropsychological Society (2019 to present)

Teaching Experience

PSY 6613/6614 Clinical Assessment Teaching Assistant – Fall 2020, Spring 2021

PSY 1010 Stress and Health Guest Lecture – March 2019

PSY 2010 Careers in Psychology: Neuropsychology Guest Lecture – February 2019

PSY 1010 Introduction to Psychology Teaching Assistant – Spring 2019

PSY 3010 Research Methods – Fall 2018, Summer 2019

Clinical Activities

Department of Neuropsychology within Neurology (present)

Supervisor: Dustin Hammers, PhD – Dustin.Hammers@hsc.utah.edu

Completed intake interviews for clients referred for changes in cognition, often following a neurological event (e.g., stroke, serious illness, seizure), reviewed neuropsychological testing profiles, and wrote integrative reports.

Sleep-Wake Center (Fall 2020 – present)

Supervisor: Kelly Baron, PhD – Kelly.Baron@utah.edu

Completed intake interviews to assess and diagnose sleep disorders.

Conducted individual therapy using Cognitive Behavioral Therapy for Insomnia.

University Neuropsychiatric Institute/Huntsman Mental Health Institute (Summer 2020, Spring 2021)

Supervisor: Sandra Whitehouse, PhD – Sandra.Whitehouse@hsc.utah.edu

Served as a group therapy leader and taught DBT skills to children, adolescents, and adults.

Cognitive Concerns Clinic (Fall 2019 – present)

Supervisor: Yana Suchy, PhD – Yana.Suchy@utah.edu

Conducted comprehensive neuropsychological evaluations on individuals awaiting trial to determine if cognitive or psychological factors may have influenced past behavior and made recommendations based on their profile to encourage future success.

Conducted comprehensive neuropsychological evaluations on older adults in the community who were having concerns about their cognition to differentiate between normal aging and more serious etiology.

University of Utah Counseling Center Cognitive Behavioral Practicum (Fall 2019 – Spring 2020)

Supervisor: Craig Bryan, PhD – Craig.Bryan@utah.edu

Worked with clients by implementing interventions based on cognitive, learning, and emotional theories in a CBT framework for up to 12 sessions.

University of Utah Counseling Center Assessment Practicum (Fall 2019 – Spring 2020)

Supervisor: Sommer Thorgusen, PhD – Sommer.Thorgusen@psych.utah.edu

Completed integrated assessments with students referred for various diagnoses, such as ADHD, learning disorders, and/or psychological differentials using psychological, cognitive, and academic achievement measures (e.g., PAI, MMPI-2-RF, WAIS-IV, WJ-IV-ACH).

Research Activities

Executive Lab (August 2018 – present)

Recruit and schedule participants, oversee undergraduate research assistants, neuropsychological testing
Sanders-Brown Center on Aging/Kentucky Neuroscience Institute (May 2017 – June 2018)

Down Syndrome and Aging study, Chemobrain study

Study Coordinator, neuropsychological testing

University of Kentucky Neurology Department (Fall 2015 – Spring 2017)

Stroke and Traumatic Brain Injury Database management

Dr. David Berry's Neuropsychology Lab (Spring 2015 – Spring 2017)

Research assistant/test administrator on projects studying Attention Deficit Hyperactivity Disorder and malingering

Miami Project to Cure Paralysis (Summer 2016)

National Institutes of Health Intern; examined role of phosphodiesterase inhibitors in rat model of TBI

Dr. Charles Carlson's Clinical Psychology Lab (Fall 2016)

Research Assistant on project studying pain and social support

Summer Training in Alcohol Research (STAR) Program/ Dr. Jim Pauly (Summer 2015 - Fall 2016)

Research assistant; examined role of nicotinic receptors in alcohol consumption in a rat model

Dr. Peggy Keller's Developmental Lab (Spring 2014, Fall 2014)

Research Assistant on project studying effects of parental alcohol abuse

Grant Applications

American Psychological Foundation's 2021 Lorraine Dr. Eyde Fund Grant (Applied spring 2021, awarded \$3,450)

Clayton Award for Excellence in Research on Underrepresented Populations (Applied spring 2021, awarded \$2700)

Clayton Award for Excellence in Research on Underrepresented Populations (Applied spring 2020)

American Psychological Foundation COGDOP Graduate Research Scholarship (Applied spring 2019)

Conferences Attended

2019, 2020, 2021 – International Neuropsychological Society (INS) Conference

Service Activities

2020-2022 – Annual Meeting Program Representative, INS Student Liaison Committee

Coordinated a discussion panel on neuropsychological assessment of diverse clients as well as talks on the use of neuroimaging in neuropsychology

2019 – Volunteer for Brain Awareness Week

2017 – Volunteer for Down Syndrome Alliance of Central Kentucky

2017 – Volunteer for Brain Injury Alliance of Kentucky
